

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
SAN FRANCISCO BAY REGION

ORDER NO. 77-134

ORDER AMENDING ORDER NO. 76-77

TO ADOPT A REVISED COMPLIANCE TIME SCHEDULE FOR:

PARKWOOD 101 LTD.  
TERMINATION AND ABANDONMENT OF LANDFILL,  
REDWOOD CITY, SAN MATEO COUNTY

The California Regional Water Quality Control Board, San Francisco Bay Region, finds that:

1. The Regional Board on July 20, 1976, adopted Order No. 76-77 prescribing waste discharge requirements and compliance time schedules for Parkwood 101 Ltd. Termination and Abandonment of Landfill, Redwood City, San Mateo County. Waste disposal operations at the site were terminated in 1968.
2. Provision C.2. of Order No. 76-77 requires that Parkwood 101 Ltd. comply with site closure specifications as described in the Order by October 15, 1977. The discharger in a letter dated August 11, 1977, informed the Board that the October 15, 1977 deadline could not be met because of a Corps of Engineer requirement for a fill permit and Environmental Impact Statement as well as objections filed by the State Lands Commission. Interim improvements have been made at the site which include additional cover material and grading to minimize ponding on the deposited refuse area. The project has been delayed for reasons beyond the dischargers control.
3. Staff inspection of the site has confirmed that improvements have been made at the site with regard to grading and providing additional clean cover material with these improvements. The site does not pose an immediate threat to water quality.
4. The Board adopted a Water Quality Control Plan for the San Francisco Bay Basin, in April 1975, and this Order implements the Water Quality Objectives stated in that Plan.
5. The Board has notified the discharger and interested agencies and persons of its intent to amend waste discharge requirements for this site.
6. The Board, in a public meeting, heard and considered all comments pertaining to the discharge.

7. This project involves termination and abandonment of a privately owned sanitary landfill, with minor alteration to the land. Consequently, this project will not have a significant effect on the environment based upon the exemption provided in Section 15101, Title 14, California Administrative Code.

IT IS HEREBY ORDERED that Order No. 76-77 is amended to read as follows:

The discharger shall comply with the following time schedule to assure compliance with Provision C.2.

<u>Task</u>	<u>Report of Compliance Due</u>
Progress Report I	March 1, 1978
Progress Report II	September 1, 1978
Progress Report III	March 1, 1979
Full Compliance	October 1, 1979

In addition, the discharger shall submit to the Board by March 1, 1979 a plan to comply with the Order which will be implemented in the event the land disputes are not resolved, and will require full compliance to be achieved by October 1, 1979.

I, Fred H. Dierker, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, San Francisco Bay Region on October 18, 1977.

FRED H. DIERKER  
Executive Officer
